

BLACKHILLS COMMUNITY SOCCER COMPLEX FIELD UPDATE

Spring 2009

PO Box 4439, Tumwater, WA 98501, 360-438-2145,
bhsoccercomplex.org

**Thank You to All our
Donors, This is Possible**

2008 was another amazing year of businesses and individuals helping our community develop this soccer complex for our youth players. Highlights include:

- Completion of land leveling was accomplished with the loan of graders and dozers from Lakeside Industries, Barnett Implement, Western Power and Equipment, Manke Lumber, Soil Key, NC Machinery, and Wilder Construction.
- Initial irrigation lines were installed with the help of HD Fowler, many hard-working individuals digging ditches, and a Youth Athletic Field state grant.
- Quality Rock donated rock to keep the dust down on our access road, and Skillings Connolly donated the survey work.

Blackhills Football Club Annual Picnic

The BHFC picnic was held at the soccer complex in Sept 2008. This was a great way to introduce many players and their families to the vision of having a place you can call "home" for all your practices and games. We are planning more events at the complex this year, and hope to start having practices there this summer.

Field Sponsorship Opportunity

Joel Nightingale, senior and soccer player at Olympia HS and Blackhills Football Club, designed and built "A-Frame" Sponsorship Boards for the Soccer Complex as his senior grad project. Home Depot in Olympia and Tumwater, and Lincoln Creek Lumber donated wood, paint, and hardware to Joel. For information on how to "purchase" a Sponsorship for your business, call Dee at 438-2145, or visit our [Field Sponsorship](#) page. Thank you, Joel.

New Master Plan

A new Master Plan was developed in Fall 2008 with a grant from the US Soccer Foundation. The plan gives us the most efficient use of the 40 acres for 10 fields.

The "No-Event" Soccer Ball

Due to economic conditions, we held a "No-Event" event in 2008 in lieu of the annual Soccer Ball. \$12,322 was donated, about half of a normal soccer ball event. However, given the current economic climate, we were extremely thankful to all who donated.

Current Work Underway

- WHPacific is donating the survey of the parking lot.
- HDR Engineering is donating the design of the parking lot.
- The rest of the fields were seeded with donated seed from Ampac Seed, Burlingham Seeds and Mountain View Seed, all of Oregon.
- Wilco in Chehalis donated fertilizer.
- We are planning a fundraising event at the soccer complex for early fall. Please fill out the form below and mail it to us if you are interested in helping.
